An **experienced Transport Planner** with knowledge of highways and transportation matters relating to both private and public sector projects.

**Responsible for managing the day to day aspects of projects and retaining an on-going involvement in the technical design and assessment of development schemes, Mike is keen to liaise with clients and acquire further project work to complement the company's existing instructions.**

During his career, Mike has been involved in a variety of projects throughout the UK and Eire, working with fellow professionals on a wide range of schemes including retail (food and non-food), residential, employment, education, leisure, fast-food restaurants and motorist facilities.

Mike has been with Icen since May 2012, having started his career at Atkins dealing with highway improvement schemes on behalf of Essex County Council. Mike then spent nine years at Waterman Boreham and two years at ADL Transportation, dealing with private development schemes.
