Trish joined **iceni** after 15 years with GVA working with the Scottish Planning Team.

Her support career started in the service industry and she knows the importance of people being the best asset to a company.

Being the middle child of a Regimental Sergeant Major she likes to keep the team in order, providing admin support to her colleagues in the Glasgow Office.

Trish enjoys the simple pleasures in life, cooking for friends, eating out (can always recommend a good restaurant), walking, gardening and holidays abroad when there is a lot of eating out!
